JUSTIN LATTIMORE

Web Developer with a strong creative slant and a background as a Digital Artist (3D and 2D). I bring a growth mindset and eagerness to learn new skills and technologies. Went above and beyond Bloc's apprenticeship program to teach myself ReactJS.

PROJECTS

Crypto-Central
ReactJS app that uses coinmarketcap.com's API to display data that can be sorted.

Mockpong
Pong game made with HTML5 <canvas>.

PSD-Assessment-1
